SETTLEMENT OF DREIER ESTATE

Litigation Is Ended Through an Agreement on the Differences.

Through the signing of a consent decree yesterday by Circuit Judge De Bolt, the litigation over the estate of the late August Dreier has been brought to a conclusion with an adjudication of the differences that existed to the satisfaction of all concerned in the settlement of the estate.

The provisions of the decree make a distribution of the interest held by Mrs. Dreier in the capital stock of August Dreier, Ltd., the widow to have a life interest in the stock, which will revert to her children upon her death.

The formal suggestion of a settlement without litigation originated with Mrs. Dreier. The estate was brought into court on a suit instituted by a son to break his father's will, the second action having been instituted by Mrs. Dreier in an effort to set aside a trust deed for the benefit of the children. The consent decree was granted on a motion by Cecil Brown, trustee under the trust deed involved in the suit by Mrs. Dreier, and F. A. Schaefer, guardian of August Dreier and Edward Dreier, minors, beneficiaries under the deed of trust.

The possibilities of long legal delays in the disposition of the cases, which would naturally militate against the interests of all holding an interest in the estate, is advanced as a reason for the settlement with the approval of the court.

Settlement Is Full.

The documents recited that the guardian and trustee had received an offer of compromise from Mrs. Dreier, which would also bring about a cessation of the suit brought by W. A. Kinney as the guardian ad litem of Emile Dreier, to set aside the Dreier will. The further statement is made that Adele Dreier and Anna Dreier Markham, beneficiaries under the will and both of age, desired to see a termination of the litigation.

Under the provisions of the settlement Mrs. Dreier has a dower right in 250 shares of the August Dreier, Ltd., which in the trust deed were provided for Adele Dreier—with dividends on the shares from January 1, 1909. The 249 shares also given Anna Dreier Markham under the trust deed and the shares allotted August Jr. and Edward Dreier are also turned over to Mrs. Dreier for assignment to the Hawaiian Trust Company to be held in trust for her during her lifetime after which they go to the children.

A proviso is attached that the decree shall only go into effect upon the assignment to Cecil Brown by Emma Dreier of 125 shares of the August Dreier, Ltd., stock for the benefit of Emil Dreier and his family—this being in accordance with the provisions of the trust deed.

Thompson and Clemons, the attorneys for Cecil Brown and F. A. Schaefer, executors of the will of August Dreier, have been allowed a fee of \$2500 for services performed in connection with the estate.

Reinstatement Ordered.

A peremptory writ of mandamus was issued by Judge Robinson yesterday through which the Lung Do Chung Ling Tong Benevolent Society will be compelled to reinstate Yung Kwong Tat on its membership rolls. According to the views expressed by Judge Robinson, there was not legal reason why the petitioner should have had his name stricken from the rolls of the society, and that the charges made against him, alleging fraud in connection with the handling of the stock of a railroad in China, were not substantiated. The attorneys for the petitioner, E. C. Peters and A. G. M. Robertson, claimed that their client had been deprived of his rights and benefits which would accrue to him through membership in the society, and that his expulsion from the organization was entirely contrary to law, in which view Judge Robinson fully concurred.

Whitney Qualifies.

Judge W. L. Whitney took the oath of office yesterday as judge of the Circuit Court of the First Circuit and is now ready for business. Upon qualifying Judge Whitney convened court and administered the oath to John Marcellino as clerk, Gullson D. Bell as stenographer and Eugene K. Au as assistant clerk and bailiff.

Judge Whitney was also commissioned by Chief Justice Hartwell as the interpreter of the new juvenile delinquency act, and his first hearing into the cases of young offenders will occur tomorrow morning, when two juvenile delinquents will come before him.

Antonio Reyes was sentenced to ten years' imprisonment at hard labor yesterday by Judge De Bolt, having entered a plea of guilty to having committed an assault upon a young girl. Reyes has been in a despondent frame of mind and attempted to strangle himself in his cell Thursday night.

FREETH LONGS FOR WAIKIKI.

OCEAN PARK, Cal., April 23.—George Freeth of the Venice life-saving service hasn't been doing very much for the past ten days but enjoys the company of a rich uncle, Colonel Samuel Parker, Prince Kalaniana'ole and party of Honolulu, who have been sojourning at the Alexandria, in Los Angeles, since coming to the Coast from an extended Eastern trip. George visited Long Beach yesterday in company with the distinguished visitors, who left last evening on the Sunset Limited over the Southern Pacific for San Francisco, in which city they are to remain until the first of May, when they are to embark on a steamer en route to their native Hawaii.

George did not go to San Francisco with his friends last evening, but he will follow them in time to take their boat to Honolulu, to which point he has been provided with the necessary ticket and also with one by which he may return to Venice if he likes.

MANY CASES OF PARALYSIS ARE CURABLE

THIS KANSAS CITY MAN GIVES THE TONIC TREATMENT ENTIRE CREDIT FOR HIS RECOVERY.

There are still people who say that no form of partial paralysis can be cured.

If you have partial paralysis or some other severe nervous disorder, do you think it is better to be treated by someone who insists that you are incurable, or to take a treatment that grateful patients throughout the United States testify has cured them?

Mr. J. B. Stinson, of No. 1740 Madison avenue, Kansas City, Mo., says:

"In November, 1903, I was taken sick with severe pains through my chest and in the region of my heart. One morning, while working in the field, I was taken with worse pains than ever and before I could get back to the house, my legs seemed to be paralyzed and I could just hobble along and had to be helped up the steps. I was in bed for over two years and so helpless that I had to be turned over. I was completely paralyzed from just below my heart down. I had not a particle of feeling in this part of my body. I wasted away until I was just skin and bones. My appetite was good. My kidneys were affected and I had no control over them. During the time I was in bed I was perfectly helpless.

"I was living at Lees Summit, Mo., during my sickness, and was treated by two doctors. Both said that my case was paralysis. Their medicine did not help me and they said I could not live. I began the use of Dr. Williams' Pink Pills. After awhile I began to have some control of my kidneys and bowels. I was finally able to get around in a wheel chair and kept improving until I was able to walk with a cane. Like a child, I had to learn to walk again. I can walk now without any effort and no one would ever know what my condition had been. I feel as well as I ever did before the stroke, with one exception. I am not strong enough to do heavy work or lifting."

The tonic treatment with Dr. Williams' Pink Pills, by building up the blood so that it can nourish and strengthen the weakened nervous system, has made hundreds of cures in the most severe nervous disorders.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.
